The Visit A Tragi-Comedy Friedrich Durrenmatt

The Visit is a consummate, alarming Dürrenmatt blend of hilarity, horror, and vertigo. The play takes place "somewhere in Central Europe" and tells of an elderly millionairess who, merely on the promise of her millions, swiftly turns a depressed area into a boom town. But the condition attached to her largesse, which the locals learn of only after they are enmeshed, is murder. Dürrenmatt has fashioned a macabre and entertaining parable that is a scathing indictment of the power of greed and confronts the perennial questions of honor, loyalty, and community.
